

Kamp Sonshine believes that children learn best in an atmosphere of Godly love and acceptance, but also in one which sets limits in a fair and consistent manner. In this way children are allowed to explore yet gain self-control at the same time.

Transportation is currently provided to and from Garibaldi Highlands, & Mamquam Schools.

SUBSIDY

Whether this is your child's first before and after school care experience or not, it is our goal to make their time with us pleasurable and satisfying as possible.

The childcare centre is a non-profit society centre that exposes the children to quality care in a clean, safe, healthy, nurturing, homelike environment.

MISSION STATEMENT

Kamp Sonshine enhances the lives of children, their families and the community by providing a caring, supportive and vital community service.

Proverbs 22:6 says "Train up a child in the way he should go; when he is old, he will not depart from it." We believe that the best possible place for a child to be trained is home with a parent or family member. In the day in which we live, however, this is not always possible. Our goal therefore is to provide families quality child care.
